Keynote Weekly Average Web Response Time

Relative Size of Symbols Versus Web Download Time in Seconds

NLM uses the services of Keynote, Inc. to monitor the time it takes to download NLM Web pages from around the world. The maps show the average time, in seconds, it took to download selected NLM Web pages from 36 cities during last week. The size of the symbols on the map are proportional to the download times.

Atlanta (0.8)
Boston (0.8)
Chicago (0.8)
Cincinnati (1.4)
Cleveland (0.6)
Dallas (1.1)
